## SUMMARY

Passionate Full-Stack Developer with proven expertise in building scalable web applications using MERN stack. Demonstrated proficiency in handling multiple microservices and distributed platforms. Strong foundation in data structures, algorithms, and competitive programming. Committed to creating innovative solutions that bridge technology and real-world impact.

## EDUCATION

<b>RTU Technical University, Kota</b> <i>B.Tech. Computer Science &amp; Engineering</i>	Aug 2023 – Apr 2027 CGPA: 8.9 / 10
--	---------------------------------------

## SKILLS

**Programming Languages:** C, C++, Java, JavaScript, HTML, CSS

**Frontend Technologies:** React.js, Responsive Design, User Authentication

**Backend Technologies:** Node.js, Express.js, RESTful APIs, Microservices

**Databases:** MySQL, MongoDB

**Development Tools:** Git, GitHub, VS Code, Postman

**Core Competencies:** Data Structures & Algorithms, Problem Solving, Full-Stack Development

**Operating Systems:** Windows, Linux

## EXPERIENCE

<b>Software Development Intern</b> <i>Market Things</i>	May 2025 – Aug 2025
--	---------------------

- Developed a secure doctor-patient collaboration platform enabling physicians to connect and share achievements.
- Worked on JWT authentication and real-time patient management features, enhancing platform security.

<b>Full Stack Intern</b> <i>Curious Team Learning Pvt. Ltd.</i>	June 2025 – July 2025
--	-----------------------

- Created a comprehensive MVT application using MERN stack, improving user experience and application scalability.
- Implemented RESTful APIs and modular architecture, resulting in a significant reduction in deployment time.

## PROJECTS

**Tomoto – Online Food Delivery Platform** | *MERN Stack (MongoDB, Express.js, React.js, Node.js)*

- Developed a full-stack food delivery application with user authentication, restaurant listings, cart management, and secure order placement.
- Implemented real-time order status updates, payment workflow integration, and responsive UI for seamless user experience.

**University Management System with Blockchain Attendance Verification** | *MERN Stack, Blockchain*

- Built a university management system to handle student records, course management, and attendance tracking.
- Integrated blockchain technology to securely verify and store attendance records, ensuring data integrity and preventing tampering.

**Real-Time Chess & Social Media (Instagram Clone) Application** | *MERN Stack, Socket.io*

- Developed a real-time chess application with live gameplay using WebSockets, JWT authentication, and game state synchronization.
- Created an Instagram-like social media platform featuring user authentication, post uploads, likes, comments, and real-time notifications using Socket.io.

## ACHIEVEMENTS & LEADERSHIP

<b>REACT CLUB – RTU Kota</b> <i>Head</i>	Nov 2024 – Present
---	--------------------

- Actively coordinating events and workshops for Cyber Security.

**Built with India Hackathon 2025**

- Built a startup team mentorship platform showcasing problem-solving and rapid development skills.

**Unstoppable LNIMT Jaipur**

- Built a comprehensive University Portal website with student management features and secured Top 10 certificate.
